An Interesting Decision.

WASHINGTON, Oct. 14.—The inter-state commerce commission has made a decision in the case of Leonard Champele against the Chicago & Alton. The complaint was formally allowed to ship live cattle in cars loaded from Mount Leonard, Mo., to Chicago at \$5 per car and to load twenty head in a car.

In January the complainant was informed that the rate would be 21 cents per 100 pounds in carsloads of not less than 20,000 pounds and any excess in that number of pounds to be charged at the same rate as the same rate. The commission decides this is not unlawful and being more only in proportion to the service rendered, is prima facie lawful and is not a result of the action of the commission.

Upon hearing it was shown by state laws or rulings of the state commission that the rate was a result of the action of the commission.

Missouri to points within the state had a right to load cars without regard to the weight at the stated price per car. It was held that the rate was a result of the action of the commission and was not a result of the action of the commission.

HE HAS A SINCERE ALREADY IN THE TREASURY DEPARTMENT.

Representative Perkins, of Kansas, is here on his way to Virginia, where he speaks for General Mahone.

Perkins has frequently been mentioned as a successor to Senator Ingalls. Speaking to-day of the reported effort being made to defeat Senator Ingalls' re-election, Mr. Perkins said:

"I don't think there's much in it. Some of the republicans say that as Senator Ingalls has served sixteen years in the senate it is about time that he should step aside and give some other fellow a show. There has always been more or less rumbling in the air about the time when we are to re-elect Senator Ingalls, but somehow or other he managed to come out on top."

In commenting on the election in Virginia and Ohio, Judge Perkins said in the Buckeye state the fight would be on the legislature. "At no time," said he, "have the republicans had any doubt about the success of the state ticket and, therefore, they have beat their energies on capturing the legislature, and I believe they will win it."
